ROLLTEC AND FADIEL PARTENER GET READY FOR THE ENDING OF LOCKDOWN IN FRANCE

NEW APPROACH & MEASURES

Paris, Washington DC, 11.05.2020, 04:53 Time

USPA NEWS - As we approach May 11, we have put in place numerous measures to ensure the safety of our customers and employees in order to stem the COVID-19 epidemic. These are:

- “ç A minimum distance of one meter between each client
- “ç A barrier at the reception level
- “ç The provision of hydroalcoholic gel
- “ç No appointment in the offices
- “ç For meetings at home or at the company, we provide masks
- “ç Come with your own pen

Likewise, each of our employees will also have washable washable fabric masks, hydroalcoholic gel and gloves. However, despite these measures, we remind you to respect barrier gestures because our priority is to protect our customers and our employees." ACA stated in a recent release, as they are launching the initiative with their partner Fadiel.

- “ç A minimum distance of one meter between each client
- “ç A barrier at the reception level
- “ç The provision of hydroalcoholic gel
- “ç No appointment in the offices
- “ç For meetings at home or at the company, we provide masks
- “ç Come with your own pen

Likewise, each of our employees will also have washable washable fabric masks, hydroalcoholic gel and gloves. However, despite these measures, we remind you to respect barrier gestures because our priority is to protect our customers and our employees.

PRESENTATION OF THE PARTNER FADIEL-----

This month, we are honoring our partner Fadiel who has supported us for over 20 years on many projects. This company located near Venice in Italy specializes in the design of driving, transfer and transport systems for people with reduced mobility. Since the 90s, Fadiel has been the forerunner on many innovations in its field. It is thanks to this great experience, but also for their constant listening to user requests to develop products and offer ever more suitable solutions, that we have chosen to collaborate with Fadiel in order to offer all our customers the best products on the market.

Their latest innovation is a Joystick drive system available from € 25,000 including tax. Half the price of competing products, we expect significant success and customers delighted to finally be able to finance their vehicle improvements. Roltec France By A.C.A Mobilité: a new model soon in France! Source : ACA
